

EXPLOSION PROOF LIGHTING

Model: SFT8-EX / SFT5-EX

SPECIFICATION:

- Input Voltage** : 230VAC, 50 / 60Hz
- Lamp** : T5 / T8 Fluorescent Tube or LED Tube
- Fitting Body** : Aluminum Alloy Die Casting
- Glass Cover** : Tempered Glass
- Corrosion Proof** : W,WF1
- Cable entries** : $\Phi 8 / 10$
- Degree of Protection** : IP54 / IP65
- Ex-Mark** : Ex d IIB T5

Application:

Widely used in the fields of oil exploitation, chemical industry, spaceflight, war industry ect, hazardous areas. zone1&2 IIA, IIB...

Note: Due to continuous development and improvement, our company reserve the right to change specification without notice
